

COVID-19 PATHWAY TO RECOVERY

YOUTH ORGANISATIONS

IN PREPARATION FOR THE RETURN TO WORK IT IS NECESSARY TO CONSIDER:

- ! GOVERNMENT PROTOCOLS
- ! ORGANISATIONAL PROTOCOLS
- ! PERSONAL HYGIENE

DUE TO THE CURRENT COVID-19 RESTRICTIONS WORKERS ARE ADVISED:

There is NO Travel provided for young people or if Travel is required, that both Face Coverings and Social Distancing is adhered to at all times (you may be required to hire a larger bus to accommodate a small group);

There is NO food provided for young people (only food bought from food outlets and in individual portions);

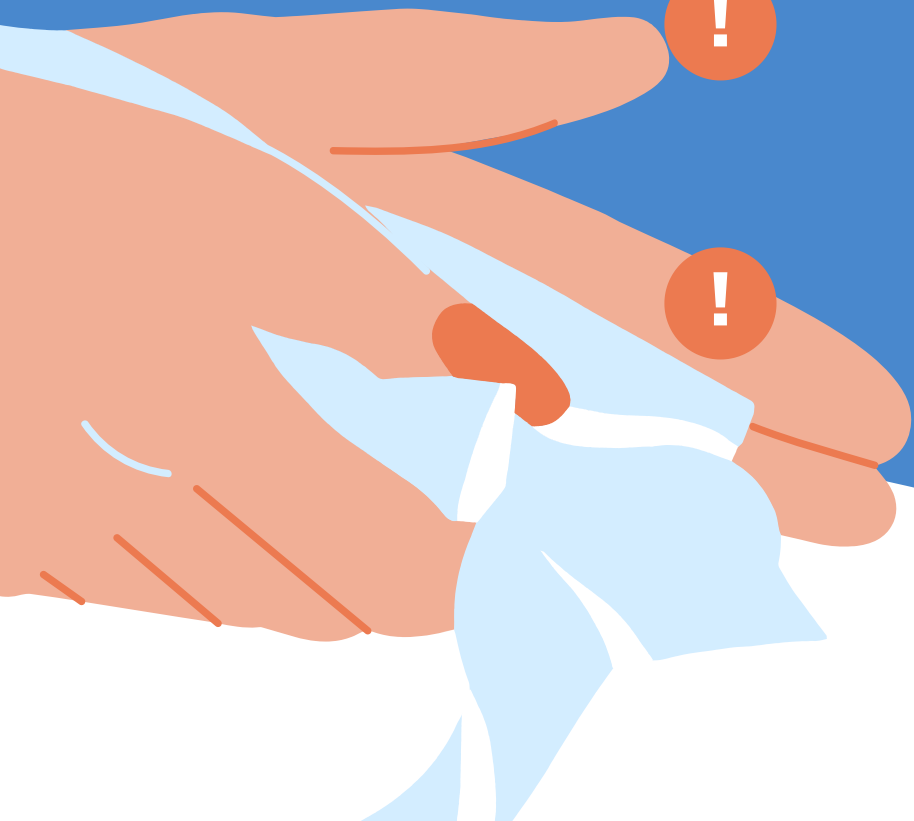

Workers are advised to meet young people ONLY in the areas provided on the Risk Assessment (**Appendix 1**) if somewhere else, please speak to your Line Manager and agree before meeting);

Workers and young people must adhere to social distancing rules in place when meeting (currently 1M or more if able);

Workers and young people must use Personal Protective Equipment when meeting (If necessary) this includes face coverings/hand santiser.

DUE TO THE CURRENT COVID-19 RESTRICTIONS WORKERS ARE ADVISED:

Workers must fill in a new Risk Assessment if meeting place changes for each meeting. It is advised to do a pre-visit to sites to ensure social distancing can be maintained;

Appropriate consent is obtained from parents/guardians (**COVID-19 Declaration is included - Appendix 2**) - additional consent may be required for trips/outings. Make sure this is written consent or use an online digital version such as Clever Waiver;

Ensure adequate ratios are in place for all sessions;

Always have a Plan B! A lot of this we will learn as we go, so make sure you have a Plan B in case things don't work out as first expected;

Ensure correct signage is in place at all times;

Make sure to keep a register and contact details of all those in attendance for contact tracing purposes.

CHECK GOVERNMENT GUIDELINES AS THESE MAY CHANGE DAILY/WEEKLY
